EMPOWERMENT THROUGH EDUCATION

2023

Year in Review

Despite the loss of KARMA's founder Ray in late 2022 along with the Bici Libre location at 1205 W. 6th street, KARMA managed to have successful projects, even without a physical location of its own.

Bici Libre continued to operate in partnership with the Bike Kitchen, Bike Oven, and Re-Cyclos serving with SELAH Homeless Services (Silverlake Echo Park, Los Feliz, Atwater, Hollywood) to provide free bike repairs. Bici Libre also had a repair station at Ciclavia.

Roots in Motion led an educational bike ride along the LA River funded by Latino Conservation Week. RIM also launched the Climate Resilient Mobility Educational program, which aims to address climate

change through sustainable transportation solutions. Led by expert bike advocates, the curriculum emphasizes the environmental, physical, and community benefits of multi-modal mobility.

KARMA became a fiscal sponsor of The School for the Ecocene and four food rescue mutual aid projects.

Bici Libre Mobile

Bici served weekly at Alverado and Sunset at a homeless service day with SELAH on Tuesdays and at the Silverlake Community Church on Saturdays with occasional Sunday repair pop-ups on Riverside Dr.

Bici Libre at CicLAvia

Bici Libre ran a repair station at CicLAvia's Heart of LA, October 15th. Bici Libre has not had a booth at CicLAvia for the past 10 years, and we are very happy to be back!

CiclaVia 2023

Many miles of open streets call for many bike repairs! Special thanks to **Bici Libre**, **Bike Oven**, **Bicycle Kitchen**, **Hollydale Cycling Club**, and **Pedal Movement**, for providing free basic bike repair services throughout the route to keep everyone riding smoothly.

Roots In Motion

Paseo de Rio Los Angeles

Roots in Motion received a \$1,200 grant from Latino Conservation Week to host an event promoting outdoor activities for the Latino Community. RIM organized a bike ride along the Los Angeles River with stops to discuss the past, present and future of the river.

Roots of the LA River Bike Ride

Participants learned from native elder Tina Calderon, LA Compost and North East Trees.

Fiscal Sponsorships

Food Rescue Mini Grant

\$25,000

KARMA fiscal sponsorship of three Food Not Bombs chapters and Lincoln Heights Mutual Aid.

LA Food Not Bombs

For over 20 years LAFNB has been serving the Los Angeles community. The grant provided much needed equipment replacements and upgrades.

Food Not Bombs Mobile

Food Not bombs served at different popup locations and this grant allowed for the building of a mobile cooking trailer pulled by a bicycle. Pictured is the original food cooking trailer, the new trailer funded by the grant will be completed in 2024.

DTLAFNB

Downtown LA Food Not Bombs is a newer chapter serving Saturdays. The grant not only provided funds, but also created an opportunity for similar organizations to cooperate.

GFNB

School for the Ecocene

Through fiscal sponsorship, the [School for the Ecocene](#), made up of artists, teachers, activists, healers, parents, youth, elders, cultural workers, scientists, authors, farmers, researchers, students, and habitat stewards for planetary liberation, were able to form their own entity and become a Cooperative school.

Budget

2023 budget was a lot done with a little budget.
The majority of the budget was fiscal sponsored

projects. The Ecocene paid 5% while FNB did not pay any fee.
